PROFILE

Experienced Senior Registered Nurse with over 25 years in healthcare, currently working on the Medical-Surgical Unit at Kapsabet Teaching and Referral Hospital. Highly skilled in clinical operations, patient care delivery, and team leadership.

Expertise in medical-surgical nursing, integrating holistic care across diverse patient needs. Known for strong leadership, strategic planning, and fostering collaboration to achieve optimal patient outcomes. Committed to continuous professional development and maintaining a patient-centered approach in all aspects of care.

EMPLOYMENT HISTORY

❖ **Senior Registered Nurse, Kapsabet Teaching and Referral Hospital** Aug 2015 — Jan 2025
Kapsabet

Responsible for leading a healthcare team in the Medical-Surgical Unit, ensuring high-quality care for patients with diverse medical and surgical conditions. Key responsibilities include overseeing patient care, staff development, resource management, and fostering interdepartmental collaboration. Focused on improving patient outcomes, enhancing staff satisfaction, increasing operational efficiency, and building strong, supportive teams to deliver exceptional care.

❖ **Nursing Officer 3, Coast General Hospital** Feb 2011 — Aug 2015
Mombasa

As a Senior Registered Nurse, I have successfully led and supervised junior staff, ensuring adherence to clinical protocols and best practices. I have been involved in recruiting and training new nurses, managing daily operations, and allocating resources to optimize patient care. I provide ongoing clinical guidance to junior nurses while contributing to hospital committees and quality improvement initiatives. Key achievements include managing high patient volumes while maintaining excellent care standards, reducing medication errors, and enhancing patient safety through effective staff supervision. Additionally, I streamlined workflows, improving efficiency and patient flow, leading to higher patient satisfaction and a more productive team environment.

❖ **Nursing Officer 3, Kobujoi Mission Hospital** Jan 2010 — Dec 2011
Kapsabet

I took on greater responsibility in patient care, managing complex cases and providing advanced nursing interventions. I actively contributed to the development and implementation of clinical guidelines and protocols while offering mentorship to junior staff. Specializing in areas like pediatrics, maternity, or emergency care, I successfully managed critical situations, ensuring positive patient outcomes. My efforts led to improved patient satisfaction through compassionate, effective care and innovative approaches.

❖ **Nursing Officer, Kamobo Sub-County Hospital** Jul 2006 — Dec 2009
Eldoret

As a Lab Assistant, I performed basic laboratory tests, maintained equipment, and supported patient care under supervision, contributing to the efficient operation of the dispensary and providing accurate results that aided in patient diagnosis and treatment. As a Nursing Officer in a rural setting, I delivered comprehensive nursing services, including primary care, maternal and child health, and emergency care. I worked both independently and as part of a team, improving healthcare access for underserved communities and contributing to their overall health and well-being.

❖ **Volunteer, Kapchorwa Dispensary** Feb 2004 — Nov 2005
Eldoret

I provided healthcare services focused on prevention, health education, and primary care. I conducted health assessments, offered immunizations, and promoted maternal and child health. I supported outreach programs and raised awareness on disease prevention. My work aimed to empower underserved communities to improve their health and access resources.
