SUBJECT: APPLICATION FOR PRINCIPAL LIBRARIAN: PLIB/12/2024-25

Dear Sir,

I am writing to express my keen interest in the Principal Librarian position. With over 15 years of experience in research and reference services, electronic resource management, and library operations, I am confident in my ability to enhance the School's library services and information resource development.

In my current role as a Senior Librarian, I have been instrumental in implementing and overseeing library information services, ensuring seamless access to both electronic and print resources. I have also led initiatives to improve library policies and programs, focusing on enhancing user engagement and optimizing resource utilization. One of my key accomplishments has been advocating for and developing remote access strategies for electronic resources, ensuring users can efficiently retrieve information regardless of location.

My expertise extends to supervising staff performance, coordinating library events, and indexing and abstracting journal articles to improve research accessibility. Additionally, my experience in preparing and reviewing library reports has allowed me to contribute significantly to data-driven decision-making processes within library management.

I am particularly drawn to this opportunity because of my passion for advancing library resources to improve service quality. I am eager to apply my strategic vision, leadership, and technical expertise to drive continuous improvements in library functions.

Yours Sincerely

Caroline Nyaga
