RE: APPLICATION FOR PRINCIPAL LECTURER – KSG 5

In reference to an internal advert, I wish to apply for the position of Principal Lecturer. I hold a PHD Degree in resettlement Science and Management- Social Safeguards in Development from the Hohai University in China. I have also accomplished several publications which accompanied my career and studies.

I have also been Head of Centre for Research and Advanced Training and during this time, I have achieved quite a number of deliverables and this can be attested by my supervisor. As I look forward to a vibrant school that is strategically placed to empower the public service, I wish to confirm that I will do more to achieve this vision for the school and in the process, achieve the goal of niche for public service training.

Sincerely,

Dr. Antony Kamakia
