PERSONAL INFORMATION

Nationality	: Kenyan
Country of Residence	: Kenya
Date of Birth	: 25 th August, 1983
Marital Status	: Married
Religion	: Christian
Languages Spoken & Written	: English (fluent), Kiswahili (fluent) and Luo (Native)

KEY COMPETENCIES

- A quick learner and great team player who objectively interacts with fellow staff members in supporting achievement of organization goals and mission.
- Ability to plan fieldwork and prioritize tasks in order to achieve efficiency and effectiveness in a multi-phasic programming environment with very high workload.
- Experience in research and project activities related to: livelihood enhancement; socio-economic and community development; sustainable development; environment and natural resource management; social and environmental impact assessments.
- Principle and Associate investigator in research on environment, social, climate change, policy research and governance including (EIA/EA & SIA)
- Proficient in standard computer applications, i.e. Microsoft Office Suit, Internet, Statistical Package for Social Sciences - SPSS, GIS/Remote Sensing packages (Arc-info, Arc-GIS, Q-GIS, Map-Windows x4/5)
- Proficiency in data collection, processing, management and dissemination using various tools and techniques as appropriate.
- Demonstrate professionalism and commitment to assigned tasks and prescribed responsibilities
- Good communication skills in and/via Internet, Social media amongst other IT platforms.
- Ability to facilitate partnership development, networking, stakeholder liaison and community mobilization.
- Excellent inter-personal relations, situation analysis, problem/issue resolution skills

EDUCATIONAL BACKGROUND

DATE AWARD

2016 to...	Ph.D in Environmental Planning & Management at Rongo University, Kenya (Thesis Submitted)
2015	Masters in Science Environmental Studies (Environmental Planning & Management) at University of Eldoret, Kenya.

2011 Bachelor of Environmental Studies (Community Development) from Kenyatta University, Nairobi, Kenya
 2003 Kenya Certificate of Secondary Education (K.C.S.E) at Kisumu Boys High School, Kisumu
 1997 Kenya Certificate of Primary Education (K.C.P.E) at Xaverian Primary School, Kisumu

ADDITIONAL QUALIFICATIONS/AWARDS

DATE AWARD

2025 National Land Acquisition & Resettlement Management (LARM) Course - UoN/WBG/FLLoCA
 2024 Urban Climate Resilience Masterclass Course – Kenya for KUSP 2 implementers – Supported by GCA, World Bank, IIED, KSG and State Dept. for Housing and Urban Development (GoK)
 2024 Project Monitoring, Evaluation and Reporting Course – Kenya School of Government (KSG), Nairobi
 2023 Social Impact Assessment Course (CPD) University of Strathclyde Glasgow
 2023 Training of Trainers for Social Risk and Impacts Management – KSG, Mombasa Kenya
 2022 Social Risk and Impact Management Course KSG, Nairobi Kenya
 2022 Training of Trainers County Climate Finance/Funding Mechanisms - KSG, Mombasa
 2021 Senior Management Course – Kenya School of Government -Nairobi
 2021 DANIDA Fellowship on Green Growth and Environmental Sustainability in Copenhagen, Denmark 2022 and Arusha, Tanzania– Supported by DANIDA, Danida Fellowship Centre & NIRÀS
 2019 InforMEA Diploma on International Environmental Law and Governance (Online) - UNITAR/UNEP
 2019 Supervisory Skills Development Course from Kenya School of Government, Nairobi
 2019 Training of Trainers Certificate- from Kenya School of Government, Nairobi
 2019 Training on Applying the Mitigation Hierarchy to Manage Biodiversity Impacts – An Overview of International Good Practice, National Museums of Kenya, Nairobi
 2019 Training on Climate Resilient Water Safety Planning – Supported by USAID/KIWASH program, International Water Association and KIWASCO, The Vic Hotel, Kisumu
 2015 Training on Knowledge Management and Capacity Development for Environment and Water Resources Management - supported by WaterCap, CapNet and Kenya Water Institute in Nairobi, Kenya
 2013 Training on Use of Earth Observation Tools (GIS/RS) In Support Of Integrated Water Resources Management - supported by WaterCap, CapNet and Kenya Water Institute in Nairobi, Kenya
 2012 Training and AWARD of certificate in Environmental Impact Assessment & Environmental Audit - University of Eldoret, Kenya. Registered by NEMA-KENYA & Environmental Institute of Kenya (EIK)
 2012 Associate Planner and Member of Kenya Institute of Planners - from the Kenya Institute of Planners, Nairobi
 2007 Certificate in Establishing an Edible Mushroom Agribusiness - Kenya Industrial Research and Development Institute (KIRDI), Nairobi
 2005 Certificate in basic computing and Microsoft Office Suit from Maseno University, Kisumu

PROFESSIONAL AFFILIATIONS

- Member of Environmental Institute of Kenya-EIK (No.: EIK/2/2234)
- NEMA EIA/EA Expert (Expert No. 7985) (Registered)
- Associate Planner and Member of Kenya Institute of Planners - from the Kenya Institute of Planners, Nairobi (No.116S)

2016 – September 2017: PHD Scholar (on-going) and Part-time Lecturer at Rongo University, Migori County. Responsibilities

- Teaching Environmental Science and Waste Management; Conservation of East Africa Flora and Fauna; Ergonomics and Equipment (Occupational Health and Safety in Textile and Apparel Industry); Application of GIS and Remote Sensing for Environmental Management; Environmental Hazards, Disaster Preparedness, Mitigation and Management; Environmental Planning and Management; Environmental Law and Policy Frameworks; Cleaner Production techniques and technology; etc
- Undergraduate Student mentoring and coaching
- Participated in the Curriculum Review of the School of Agriculture, Natural Resources and Environmental Studies, Rongo University College on 10th March, 2016

2015 Development of Payment for Ecosystem Services Framework for Sondu-Miriu River Basin (Tender/RFP NO. KWT/003/2014-2015)

2015 Development of Wetlands and Catchment Lands Conservation Strategy (Tender/RFP NO. KWT/005/2014-2015)

2014 – Present: Field Research and Development Associate (Contract) Work at Victoria Institute for Research and Development (VIRED) International, Kisumu. Performing the following duties:

- Environmental research project data collection and analysis
- Community development initiatives around the Lake Victoria Basin

2013 – 2015: Project officer at VIRED International in collaboration with Sustainable Development Watch (SusWatch) East Africa. Responsibilities-

- Managing the organizations ICT and Resource Centre facility;
- Community training and awareness creation on sustainable Development using ICT in LVB.
- Using computer based ICT to inform and promote sustainable environmental management.

2013 – 2015: Participated mapping and use of GIS and Remote sensing for environmental and natural resources monitoring & management in LVB such as landuse mapping for Nyando and Ombeyi wetlands in Kisumu County.

2013– 2015 Conducted my Master’s thesis research resulting in a dissertation on “*Assessment of Ecotourism and its potential in the sustainable management of Nyando River wetland within the Lake Victoria Basin, Kenya*” which was

submitted and defended at the University of Eldoret, Eldoret, Kenya. The main output from this study identified and mapped eco-tourism hotspots and development of a conservation and management plan in the Nyando River Wetlands. The study proposed an integrated ecotourism development plan for sustainable wetland management.

2013 - (September) Conducted Mapping of occurrence of water and sanitation facilities using GIS and Remote Sensing techniques to enable future planning of improvement for community access and provision of such facilities in selected high density informal settlements (slums) within Kisumu City for VIRED-3KSAN Project supported by University of SURREY, UK.

2011 (May-July): Participated in Consultancy services to develop regional standards for Industrial and Municipal Effluent Discharges into Sewerage and River systems – LVBC/LVEMP II/2009-10/CS/06 as the Socioeconomist.

2011 (July-October): Participated in Consultancy services to develop Water Resources Management Strategy for Trans-boundary Mara River Basin as the Socio-economist.

2011 - 2012 (Dec 2011- Sept 2012): participated in Consultancy services for assessing the impact of Mbita causeway in the water flow hydrodynamics in Winam Gulf of Lake Victoria- LVBC/2011/CS/PCC/001 as the Socioeconomist.

2011- present- VIRED International, GIS and data analysis expert in the No Sex for Fish Initiative in Winam Gulf, LVB, Kisumu County.

2010 to 2014 – Research assistant in Ecosystem Livelihoods for African Wetlands (ECOLIVE) I and II Projects in Kisumu County (Supported by VIRED Int., Egerton University, UNSCO-IHE and the University of Amsterdam).

Roles:

- Collection and analysis of data for Doctorate and Post-Doctorate fellows projects
- Creating community linkages, conducting interviews and community resource mapping for wetland conservation and livelihood improvements.

2010 – (May to August) Underwent industrial attachment at the Swedish Cooperative Centre - Vi Agroforestry Project (SCC-ViAFP) Regional office in Kisumu as a trainee in organization's on Capacity Building and Monitoring & Evaluation (M&E) divisions. My responsibilities here were to assist in: community capacity building and training on sustainable agroforestry and conservation initiatives; community mobilization on ongoing project initiatives; Information dissemination on emerging environmental issues, their possible mitigation and adaptation measures; Sensitization on sustainable development and the promotion of alternative livelihood sources with minimum adverse impacts on wetlands e.g. apiculture.

2009 – (April to September) Worked as a temporary field assistant at the Kenya Agricultural Research Institute - Western Kenya Integrated Ecosystem Management Project (KARI/WKIEMP) along the River Nzoia Basin in Siaya and Busia Districts. Here I was charged with the responsibility of public awareness creation on emerging environmental issues and conservation measures. Community mobilization through encouraging community participation in the projects various development initiatives.

2007 – (November to December) Worked as a temporary research assistant in the Agricultural Business Development (ABD) Project funded by DANIDA charged with the duty of: developing and administering survey tools (questionnaires); enumerator training and supervision; and data processing during an Indigenous Poultry Market survey for in Machakos, Makueni Districts and Nairobi CBD from.

2007 - Worked as a research and data processing assistant for VIRED International in a baseline studies on Nyando Community Based Flood Mitigation [supported by Japanese International Corporation Agency - (JICA)]

- 2006 - Field enumerator at VIRED International for Studies of use of indigenous plant, Endod extracts to manage bilharzias and community awareness interviews (Project supported by Moi University Research Fund), Kisumu County
- 2006 - (November to December) Participated in a Participatory Rural Appraisal (PRA) for two months and administering questionnaires on Flood Control Project community participation, Kisumu.
- 2005 - (March to June) Field assistant at VIRED International in the Food for Work Flood Mitigation Project (supported by USAID through CARE-Kenya) in Kisumu. I was charged with the responsibility for community mobilization and distribution of equipment and food supplies, Kisumu.
- 2005 - (September to December) Worked as a field assistant assigned the duty of Data Collection, compiling and entry at Kenya Sugar Research Foundation (KESREF), Kisumu.
