Director General,
Kenya School of Government,
P. O. Box 23030 – 00604,
Nairobi, Kenya.

Dear Sir;

RE: Job Application – Principal ICT Officer | KSG 6 | PICTO/31/2024-25

Upon review of the posting for a **Principal Information Communication Technology Officer**, I do submit my resume for your consideration. With my experience in IT systems, network administration, cyber security, software implementations, and troubleshooting throughout my professional background, as well as my proven talents in project management and user support, I feel confident that I would significantly benefit the school in this capacity.

My dynamic background has prepared me to excel in this hands-on ICT role. With extensive knowledge in a variety of systems, platforms, and applications, my technical and leadership abilities position me ready to thrive in this challenging and energizing role. Additionally, my demonstrated skills in team collaboration and leadership will allow me to become an immediate asset to your team.

A few highlights of my background include:

- Demonstrating a keen aptitude for technology programs and solutions; achieving my Bachelor of Science degree in Information Technology from Jomo Kenyatta University of Agriculture and Technology, I also hold certification courses from Kenya School of Government.
- I have excellent organizational skills with strong ability to manage multiple projects, follow through and meet deadlines;
- Over the years I have been able to work in different capacities with strong ability to handle confidential and sensitive material and information with ultimate discretion.
- Over 15 years of experience in an IT support and leadership role with multiple firms where I have handled, various system implementation, cyber security protocol implementation, network design and implementation, development of ICT related policies and procedures, documenting/resolving help desk tickets, installing/repairing/upgrading equipment and peripherals, and compiling management reports while ensuring optimal system functionality and minimizing downtime.
- Equipping users with the training and knowledge to utilize technological programs and tools to their maximum potential.
- Achieving extensive knowledge in equipment operation, systems support, and logistical oversight to facilitate organizational success.
- Demonstrating superior organizational, analytical, problem-solving, and communication abilities.

With my strong experience in IT system/equipment functionalities and support, coupled with my impressive array of technical proficiencies, I am confident that I would be of great service to the school as a Principal Information Communication Technology Officer.

I look forward to discussing the position in further detail. Thank you for your consideration.

Onyango F. Omogo
