**DIRECTOR GENERAL,
KENYA SCHOOL OF GOVERNMENT
P.O BOX P.O BOX 23030-00604
LOWER KABETE**

Dear Sir,

**RE: APPLICATION FOR THE POSITION OF PRINCIPAL LECTURER AT KENYA
SCHOOL OF GOVERNMENT**

Following the recent internal job advertisements in April 2025 , I wish to submit my application for the position of a Principal Lecturer. I am currently serving the School as a Senior Research fellow at the Centre for Environmental Governance and Climate Change, and I am motivated to build my career as a trainer, researcher and consultant in environmental governance, climate change and natural resources.

I have fifteen years of experience in research, training and consulting in: environment and social safeguards, natural resources, climate change, and drylands development having served at Kenya School of Government, Kenya Forestry Research Institute, Southeastern Kenya University, Sokoine University of Agriculture and SCC_VI Agroforestry. During my period of service at these institutions, I have successfully coordinated and managed research training and consultancy projects to their completion in forestry, environmental governance, conservation, and climate change both locally and in collaboration with international partners.

From the above experience, I have gained a range of skills necessary for research and training management which include: research proposal development, research grant application, data collection, quantitative and qualitative data analysis, team playing, negotiation and collaboration, research reporting and writing, good communication, presentation and adherence to research ethics and integrity.

With the above knowledge, skills and competencies, I believe I am most suited for this position if granted the opportunity to serve.

Your kind consideration will be highly appreciated.

Thank you.

Yours faithfully,

Pauline Bala
