Professional Experience

SUPPLY CHAIN MANAGER || KENYA SCHOOL OF GOVERNMENT (KSG)

2020-PRESENT

Key responsibilities:

- Spearheaded end-to-end supply chain operations at the Kenya School of Government, managing procurement, inventory, warehousing, and distribution functions.
- Developed and implemented strategic sourcing strategies to optimize procurement processes and ensure timely availability of goods and services while achieving cost savings.
- Led supplier evaluation, selection, and contract negotiation processes
- Implemented robust inventory management systems, utilizing forecasting techniques and demand planning
- Streamlined distribution processes, ensuring timely and accurate delivery of goods to various departments within the organization.
- Conducted regular performance evaluations of suppliers and implemented continuous improvement initiatives
- Implemented and monitored key performance indicators (KPIs)
- Ensured compliance with relevant procurement policies, procedures, and regulatory requirements.

Career Achievements

- Developed and implemented strategies to optimize the school's supply chain operations, resulting in improved efficiency, cost savings, and timely delivery of goods and services.
- Streamlined the procurement process by implementing a centralized system, resulting in improved efficiency, reduced costs, and enhanced transparency in procurement activities.
- Identified cost-saving opportunities within the supply chain, such as renegotiating contracts, optimizing inventory levels, and implementing value engineering techniques, resulting in significant cost reductions while maintaining quality standards.
- Developed and maintained strong relationships with key suppliers, negotiating favorable contracts and terms, ensuring on-time delivery, and resolving any supplier-related issues promptly.
- Developed and implemented strategies to identify and mitigate risks within the supply chain, such as diversifying suppliers, establishing contingency plans, and monitoring market trends, ensuring continuity of operations even in challenging circumstances.
- Implemented sustainable supply chain practices, such as reducing carbon emissions, promoting ethical sourcing, and implementing recycling programs, resulting in cost savings and a positive environmental impact.
- Built and led high-performing supply chain teams, providing guidance, mentoring, and training to enhance skills and foster a culture of continuous improvement.

Seminar and Workshop

- Strategic leadership development programme course lasting six (6) weeks
- ToT disability mainstreaming
- Procurement optimization in state corporations
- Contract management and supplier relationships
- Human rights and gender violence
- fire and safety at work
- HIV and aids awareness
- disability awareness
- Procurement Performance Management and value for money

Principal Procurement Officer || KENYA SCHOOL OF GOVERNMENT (KSG)

2017–2018

Key responsibilities:

- Led procurement operations at the Kenya School of Government, ensuring the efficient acquisition of goods, services, and works while adhering to procurement policies and regulations.
- Developed and implemented procurement strategies to optimize sourcing, reduce costs, and improve operational efficiency.
- Conducted market research and supplier evaluations to identify reliable vendors and negotiate favorable terms and conditions.
- Managed the end-to-end procurement process, including preparing tender documents, conducting bid evaluations, and awarding contracts.
- Implemented contract management systems, monitoring contract performance, and ensuring compliance with terms and conditions.
- Collaborated with internal stakeholders, including departments and project teams, to understand procurement requirements and provide timely procurement support.
- Oversaw supplier performance, conducted supplier assessments, and implemented performance improvement initiatives to enhance service delivery.
- Implemented procurement monitoring and evaluation systems, generating reports and analyzing data to identify trends, risks, and opportunities for improvement.
- Provided guidance and training to staff on procurement policies, procedures, and best practices.
- Ensured compliance with relevant laws, regulations, and ethical standards in procurement activities.

Senior Supply Chain Management Officer || National Council For Persons With Disabilities (NCPWD)

October 2014–October 2017

Key responsibilities:

- Led supply chain management activities at the National Council for Persons with Disabilities, overseeing procurement, inventory management, and distribution functions.
- Developed and implemented procurement strategies to ensure the timely availability of goods and services while achieving cost savings and maintaining high-quality standards.
- Managed the end-to-end procurement process, including vendor evaluation, contract negotiation, and supplier performance monitoring.
- Streamlined inventory management processes, utilizing demand forecasting techniques and inventory optimization strategies to minimize stockholding costs and ensure sufficient stock levels.
- Collaborated with internal stakeholders to understand their procurement requirements and provide strategic advice and support.
- Oversaw the distribution and delivery of goods, ensuring timely and accurate shipments to various locations.
- Implemented robust supplier relationship management practices, fostering strong partnerships and negotiating favorable terms and conditions.
- Conducted regular performance evaluations of suppliers and implemented improvement plans to enhance service delivery and mitigate risks.
- Developed and maintained procurement policies and procedures, ensuring compliance with relevant regulations and ethical standards.
- Utilized data analysis and reporting to identify trends, drive process improvements, and make informed procurement decisions.
