Professional Summary

An Economist and seasoned academic with over 15 years of experience in academia, public sector training, research and policy advisory. Currently serving as a Principal Lecturer at the Kenya School of Government in Embu, I have demonstrated progressive leadership through roles such as Head of Department for Research, Consultancy, and Advisory Services, and as a member of key institutional task forces and research committees. My expertise span proven track record in curriculum delivery, strategic leadership, and research and advisory on governance and public policy, and hands-on consultancy for county governments and national agencies. I am driven by a combined interest in training excellence, policy-relevant research, and institutional development for continuous public sector reforms.

Key Achievements

- **Departmental Leadership:** Served as Head of Department – Research, Consultancy, and Advisory Services at KSG Embu Campus, spearheading key research initiatives, institutional collaborations, and capacity-building programs.
- **High-Impact Consultancy:** Led and contributed to strategic planning and evaluation assignments for multiple county governments, including development of strategic plans, performance management frameworks, and customer satisfaction surveys.
- **Institutional Development:** Played a role in assessing the impact of KSG's flagship training programs (SLDP and SMC), as well as drafting concept notes that led to key symposiums and public lectures at KSG Embu Campus.
- **Coordination of Research Forums and Policy Brief:** participated in the coordination of multiple research forums including symposia and public lectures with the result of extracting policy advisory notes from the proceedings.

Supporting Skills

1. **Strategic Leadership & Program Management:** Proven ability to lead research and advisory services department, coordinate institutional programs, manage multi-stakeholder projects and mentor entry-level staff and interns.
2. **Curriculum Development & Training Delivery:** Competent in developing and delivering professional courses for public servants, with a focus on public policy, economic development and governance.
3. **Research Design & Applied Econometrics:** Skilled in designing policy-relevant research, conducting quantitative analysis, and publishing and dissemination of findings in journals.
4. **Policy Analysis & Advisory:** Skilled in analysis of public policy and extraction of policy advisory products from scientific research and proceedings.
5. **Stakeholder Engagement & Facilitation:** Experienced in organizing and moderating workshops, public lectures, and stakeholder consultations for government, public and academic audiences.
6. **Consultancy & Advisory Services:** Proven record in delivering technical support to county governments and ministries in strategic planning, performance management, and institutional reform through consultancy arrangement.
7. **Monitoring & Evaluation:** Capable of designing and implementing M&E frameworks for organizational programs and tasks, ensuring impact and accountability.
8. **Communication and Interpersonal Skills:** Command of communication skills, both verbal and written, evident in my routine official reporting and meeting presentations, and adept at working with diverse teams and stakeholders in a multi-cultural and collaborative environment.
9. **Initiative and Adaptability:** I am proactive, with a strong sense of responsibility and the ability to adapt to changing situations. I excel in taking initiative and driving results.
