NAIROBI.

Dear Sir

RE: Application for a position of: Principal Accountant/ Finance Officer- Job Reference Number :PA/16/2024-25

I am writing this resume to apply for the position of a **Principal Accountant/ Finance Officer- Job Reference Number :PA/16/2024-25** at the Kenya School of Government advertised on the official email of the School

Over my **13 years of experience** working as an audit assistant, Accountant & Senior Accountant at Kenya School of Government, I have accumulated a wealth of experience from the duties and responsibilities assigned to me the Audit, Finance & Accounts Office. I am confident I meet all the requirements as stated in the career guide for this particular position am applying for.

During the discharge of my duties as a **Senior Accountant** for the past 7 years, I have been involved in various tasks such as processing of approved payments for the school & remittance to the banks, examination of payment vouchers, staff claims & Local Purchase Orders & Imprest surrenders request. I have performed the duties of examination of projects payments and filing & remittance of taxes for the School.

I strongly believe the skills requisite to assume more responsibilities to contribute to the School's core functions and mandate. I have been pursuing Certified Information Systems Auditor (CISA) from KCA University. This will impart me with valuable skills that will help me add value to my department.

For these reasons I would request your consideration for chance to an interview to elaborate on how I would add value to the organization if offered a chance. I look forward to more exciting challenges as a **Principal accountant**.
I thank you in advance for considering my request.

Yours Sincerely

Kimani Ian Muthuma
